

Branding Rollout Plan

One-time migration to the Luminara Style Sheet v1.0. Each surface below is brought current once; the Style Sheet governs from then on.

Companion to the Branding Style Sheet v1.0 · Owner: Branding & Outreach

ROLLOUT SURFACES

SURFACE	WHAT CHANGES
Website	One pass: program names per the Style Sheet, Lumina Lingua spelling, footer year and attribution, hero carries the question and the tagline, broken calendar and newsroom links repaired.
Outbound mail	Cut over to @luminara.institute; lightschool@virtualworldsociety.org becomes a monitored forward. Signature blocks updated.
Decks and templates	Existing templates retire at rollout; no legacy deck ships after it.
Program and group materials	Each Program, the Soulship Academy, and each Bridge Group brought current with its settled name and mark.

Execution owners and sequence are assigned in the Build-Days Checklist.

COMPLETION

The rollout is complete when every surface above carries the settled forms and no public surface shows a retired name outside the lineage reference. From completion, the Style Sheet's custody rule governs all changes.
